Property Overview

Situated within an exclusive executive development of eco-efficient detached family homes located on the outskirts of Kingsthorpe and Boughton village. Constructed in 2022 The Sandalwood design offers 2100sq ft of accommodation over two floors and combines modern day and smart living with high quality and eco-efficiency. These houses were constructed using the latest Kingspan TEK Building System of Structural Insulation Panels (SIPs). You will be a short walk from one of Northamptonshire's most desirable villages, 'Boughton', which has thriving community as well as a highly regarded primary school and public house. Further amenities are a short walk away including a small supermarket serving Costa Coffee, post office, Chinese takeaway and the Lasaan Indian restaurant (The Chronicle and Echos' restaurant of the year 2019). Less than a mile away is Smiths Farm Shop, a family run business since 1958, the farm shop home grows many of their produce to include potatoes and pumpkins. Across from here is the Windhover Public House, which is an ideal place to stop for a bite to eat before walking or cycling along the Brampton Valley Way, which stretches from here to Market Harborough via the Brampton Halt Public House. EPC Rating B. Council Tax Band G.

The property features the highest standard of finishes with high quality appliances and latest technology. Hi-tech additions include web enabled underfloor heating, dimmable LED lighting, CAT 6 network, Sky cabling and automated garage doors, other benefits include an integral garage with additional off road parking. Great thought has been given to the site layout and design with the properties in cul-de-sac settings with individual block paved driveways to each property.

Constructed by Eco-Efficient Homes Ltd, each property at Boughton Hill Gardens is fitted out to an exceptionally high standard and has remaining warranty within the original 10 year structural warranty.

FURTHER INFORMATION

The underfloor heating systems has separate zones for each room on the ground floor individually thermostatically controlled from it's own wall mounted controller. First floor radiators also get a smart WiFi thermostatic valve linked to the hub and like the underfloor controlled remotely from the wiser app. The app further supports other smart home appliances. All lighting in the property whether down lighters or pendants is equipped with low energy LED light sources and these are matched to LED dimmers in the main living areas. All electrical outlets/switches on display in the house are from the premium quality Schneider Electric Lisse Deco range – Mocca Bronze. They feature screwless full metal cases that clip over the device after decoration. The houses are fitted with LED lighting dimmers and ample outlets, many equipped with USB outlets. Houses benefit from elegant contemporary aluminium

windows in dark grey but by virtue of their double glazing further enhance the energy efficiency of the property.
